Novel chiral nanospaces for molecular confinement

Position: **master student**

Number of stipends: 1

Institution : Institute of Organic Chemistry, Polish Academy of Sciences, Warsaw

Maximum period of stipend agreement: 12 months

Position starts on: 01.07.2014

Stipend's amount: 1 000PLN

Pension insurance: -

Key responsibilities include:

1. Synthesis of novel chiral molecular containers
2. Association studies
3. Investigation of chemical reactions inside the chiral containers

Profile of candidates:

1. Bachelor degree is obligatory
2. Good knowledge of organic chemistry
3. Basic knowledge of spectroscopic methods (NMR, UV/Vis, X-ray diffraction)
4. motivation to research
5. knowledge of English

Required documents:

1. CV
2. motivation letter with (in english)
3. rapport on the scores from the undergraduate studies
