Transition metal complexes containing quinone moiety as catalysts for oxidation and cross-coupling reactions

Position: master student

Number of stipends: 1

Institution : Institute of Organic Chemistry, Polish Academy of Sciences, Warsaw

Maximum period of stipend agreement: 13 months

Position starts on: 01.06.2014

Stipend's amount: 1000 PLN

Key responsibilities include:

1. Synthesis of ligands containing quinone moiety
2. Synthesis of transition metal complexes containing these ligands
3. Activity studies

Profile of candidates:

1. Bachelor degree is obligatory
2. Good knowledge of organic chemistry
3. Basic knowledge of spectroscopic methods
4. Motivation to research
5. Knowledge of English

Required documents:

1. CV
2. motivation letter
3. rapport on the scores from the undergraduate studies

Principal Investigator: dr Anna Kajetanowicz

Address for applications: anna@kajetanowicz.pl

Closing date: 10 May 2014

Interview : 19 May 2014

Please include in your offer:

"In accordance with the personal data protection act from 29 th August 1997, I hereby agree to process and to store my personal data by the Institution for recruitment purposes".
