### **Education**

2013– Researcher at Institute of Organic Chemistry PAS,  
research subject: rotaxanes and molecular switches

2014 Ph.D., Institute of Organic Chemistry, PAS, Warsaw, Poland

2008 M.Sc., Faculty of Chemistry, Warsaw University of Technology, Poland

### **Research grants**

- SONATA 2017/26/D/ST5/00361 – *Synthesis and properties of zwitterionic rotaxanes and molecular switches* from National Science Centre, Poland
- PRELUDIUM 2011/01/N/ST5/05560 – *Azamacrocyclic transition metal complexes as electroactive building blocks for the construction of rotaxane molecular switch* from National Science Centre, Poland
- research fellow in projects 2014/13/B/ST5/03727, N N204 151640, JP 2010-045370, and N N204 074 32/2022

### **Award**

2009 Janina Janikowa Prize for M.Sc. thesis from the Polish Chemical Society
